

Dear Parents/Carers

On Wednesday 14<sup>th</sup> February 2018, St John's will be hosting their Safer Internet Day for 2018. This year's theme is '**resilience**'.

Safer Internet Day is **celebrated globally** in February each year to promote the safe and positive use of digital technology for children and young people and inspire a national conversation. Coordinated in the UK by the **UK Safer Internet Centre** the celebration sees hundreds of organisations get involved to help promote the safe, responsible and positive use of digital technology for children and young people. Globally, Safer Internet Day is celebrated in over a hundred countries, coordinated by the joint Insafe/INHOPE network, with the support of the European Commission, and national Safer Internet Centres across Europe.

It is going to be a great opportunity for both the children and yourselves to take part in learning how to keep safe online and what to do when things go wrong. You will be invited to take part in an interactive presentation as well as spend time in the classroom with your children doing a range of different activities.

KS2 (Years 3-6) Parents - Online Safety Presentation 9.30-10.05 - You will then be able to join your children in the classroom until 11.30.

KS1 (Years 1-2) Parents - Online Safety Presentation 1.40-2.15 - You will then be able to join your children in the classroom until 3.15.

For all who attend there will also be an opportunity to win a special digital prize.

We hope as many of you can come and join us, in this great, unique and educational opportunity as possible, as it is sure to be a great day.

Kind Regards

Mr Carlile

Y6 & ICT Lead
